

# What to expect: Accessibility at State of Minnesota Vaccination Sites

## TRANSCRIPT

[Narration] The State of Minnesota is committed to offering accessible vaccination sites for all Minnesotans.

This video shows you what you can expect when you visit a state community vaccination site.

When you arrive at the vaccination site, you will see signage directing you to the site's entrance.

A greeter will take your temperature and ask you to replace or cover your existing mask with a clean, disposable mask.

Staff can connect you with the assistance you might need during your vaccination appointment.

If you have a specific question or request, call the site in advance.

*[Onscreen Text] Visit: [mn.gov/covid19/vaccine/find-vaccine/community-vaccination-program/index.jsp](https://mn.gov/covid19/vaccine/find-vaccine/community-vaccination-program/index.jsp) to find phone numbers for vaccination sites.*

At check in, you might be asked to show your appointment confirmation. It can be printed or you can show the email confirmation on your phone.

After checking in, you might need to wait in line before getting your vaccine. Let the check-in staff know if you need a chair while you wait.

Make your way to a nurse when one becomes available. You can ask for more privacy if it would make you feel more comfortable.

The nurse will give you a vaccination card if this is your first dose of COVID-19 vaccine. Keep the card in a safe place, and bring it with you if you need a second dose.

After your vaccination, you'll be asked to wait for about 15 to 30 minutes just to make sure you don't have any serious side effects.

Staff will explain what to do if you're not feeling well. Trained staff like nurses or emergency medical technicians are onsite to answer your questions and provide care if you don't feel well.

After your 15 or 30 minutes are up, you are all done!

If your brand of vaccine requires a second dose, make sure you have an appointment scheduled and on your calendar.

Staff at the site can look-up your second appointment for you if you can't remember the date.

Thank you for getting vaccinated!

If you have questions about state vaccination sites, visit our website.
