(www.health.state.mn.us/diseases/respiratory/hcp/respsafe.html)

A voluntary immunization improvement and recognition program for employees of long-term care facilities and hospitals to protect healthcare personnel and their most vulnerable patients. In alignment with the National Healthcare Safety Network reporting requirements facilities are recognized for:

- Implementation of best practice strategies to increase vaccination rates of facility staff.
- Encouraging flu and COVID-19 vaccination.
- Achieving flu vaccination coverage rates.
