

SWIPe Installation

JUNE 2024

Introduction

SWIPe is an application that will need to be installed on any computer that will be used for the WINNIE application. This program allows for peripheral equipment such as scanners and e-pads to be used with WINNIE.

Document Purpose

This document provides Information Technology groups with the necessary information required to install SWIPE on their computers. If SWIPe is only being updated, please follow these same steps.

Instructions

Windows 10

Downloading the SWIPe File

A Local Administrator account will need to be used to install SWIPe on each computer.

- For State supplied computers, log into the Tempuser account.
- For County machines, log into a local administrator account for that computer.

Then Log into the Agency Gateway site on FileZilla, and then navigate to the SWIPe folder. Download the SWIPe-1.0.24081.1.msi file to the desktop.

Installation Steps

• Once Downloaded, right click on the icon on the desktop.

Select Install.

SWIPE INSTALLATION

🛃 SWIPe Setup	- 🗆 X
SWIPe	Welcome to the SWIPe Setup Wizard
	The Setup Wizard will install SWIPe on your computer. Click Next to continue or Cancel to exit the Setup Wizard.
	Back Next Cancel
