- Updates

Nurse Aide Knowledge Test

Sec. 144A.61 MN Statutes

Nurse Aide knowledge test to be available in three additional languages

[Minnesota Statutes, section 144A.61](#) identifies nurse aide candidates may complete the written knowledge test in different languages. To implement the changes the nurse aide written knowledge test will be offered in additional languages beginning Jan. 27, 2025.

In addition to English, the nurse aide knowledge test will be available in Spanish, Somali and Hmong.

When a candidate logs in to take their knowledge test they will be given an option to select English, Spanish, Somali and Hmong. During the test the candidate may switch back and forth from their preferred language to English and then back again.

Please note the nurse aide handbook is only available in English.

Three Additional Languages Added to Knowledge Test

- The MN Statute identifies in Subd 3 identified languages that were “commonly spoken”. Based on our state’s demographic statistics the three languages chosen had significantly higher numbers than other languages
- Spanish, Somali, and Hmong
 - Available 1/27/25
- During the test, the candidate may choose to switch back and forth from their preferred language to English at any time
- Candidate handbook to remain in English

Training Program and Test Site Responsibilities

Federal Nurse Aide Training and Competency Evaluation Program Resource

Because English is currently the primary communication language of majority of Minnesota residents and staff, NATCEP programs are taught in English.

Course tests, materials, or interpreters are not required to be provided in the three additional languages added January 27, 2025.

MINNESOTA NURSE AIDE

TEST SITE EQUIPMENT LIST

FOR TEST SITES: To be approved, a testing site must have all the materials listed for Testing Sites. Please refer to the following list for equipment and supplies needed by the test site or brought to the site with the RN Test Observer.

FOR RN TEST OBSERVERS: Your role is crucial. To be certified and remain active, you are responsible for checking test sites before starting each test event. Your task is to ensure that the test site equipment listed herein is available and in good working order. If not, you will report missing or inoperable test site equipment by listing it under the test irregularities in the test event before submitting your test event observations for scoring. You will carry at least the minimum equipment/supplies listed on the Additional Equipment Normally Provided by RN Observers for each test event you oversee.

EQUIPMENT/SUPPLIES PROVIDED BY TEST SITE	
<ul style="list-style-type: none"> ▪ At least three Internet-connected computers, laptops, or tablets in the Knowledge Test room and/or provide Internet access (WiFi) for RN Test Observer-provided tablets or laptops. ▪ Internet-connected computer, laptop, or tablet in the Skill Test room and/or Internet access (WiFi) access for RN Test Observer provided laptop or tablet. ▪ Hand washing sink with warm running water, soap, and paper towels (<i>paper towel dispenser should be automatic advancing or pull-out type, not one that a bar or lever has to be touched to advance paper towels</i>) The sink must be no further than a 20-second walk from the 	<ul style="list-style-type: none"> ▪ Linens including <u>clean</u> washcloths, towels, bath blankets, barriers (such as waterproof pads, chux, towels, etc.), resident’s gowns (<i>tie type, no snaps</i>), pillows, clothing protectors ▪ Catheter with tubing ▪ Urinary drainage bag with tubing ▪ Washbasins ▪ Emesis basins ▪ Soap -PERI-WASH AND NO-RINSE SOAPS ARE NOT ALLOWED ▪ Output measurement container/graduate ▪ Isolation gowns (<i>can be reusable cloth or disposable gowns; tie closure, Velcro closure, or slip-over-the-head gowns are allowed</i>) ▪ Gait belts/transfer belts

Best practice is to have all supplies needed on the supply table and extra available if the candidate requests them

➤ Supplies should not be grouped together according to the skill

If test sites have questions or concerns about supply set up for test events, please reach out to Headmaster or refer to the training materials provided

Skills Lists for Candidates

RN TO's can provide candidates a list of individual skills for their test

- Place list on the table with the supplies, or write on white board
- Candidates to refer to list if unsure of the skills they are to be completing
- Reduce anxiety
- Once test has ended, the list must be returned to the RN TO, or the white board erased
- Candidate cannot take the list with them or take a photo of the list

Perineal Care Female with Handwashing

Foot Care

Feeding Task

RN Test Observer Protocol

- Verbal corrections to candidates during testing is not permitted per HM policy
- The **only** time it is permitted is if it puts the actor at risk
- It is not the actor's responsibility to stop the candidate
- Please pay attention to the candidate as they are demonstrating the tasks
- **REMEMBER** you should never stop to correct a candidate unless the candidate's actions will or are causing harm to the actor

Example of RN Test Observer documentation

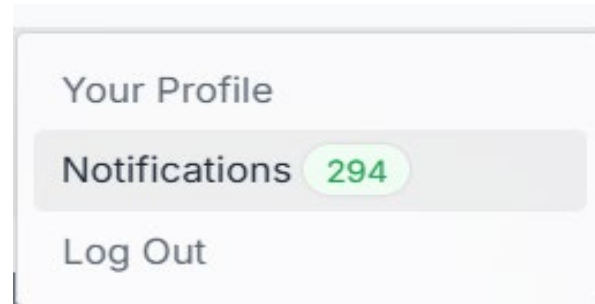

Step #5 - Mouth Care - Brushing Resident's Teeth (12.11.23)

Puts on gloves BEFORE cleaning resident's mouth.

DND

Emails and Notifications

Reminder to all RN test observers and instructors to check their emails **and** notifications in TMU for important updates

Minnesota Mock Skills

- Position resident in bed on side
- Vital signs count and record radial pulse and respirations
- Perineal care for female and handwashing
- Feeding dependent resident

Position Resident on Side in Bed

From the working side of the bed –

- Gently move the resident's upper body, hips, legs toward self (three individual steps)
- Place or adjust the pillow under the resident's head for support
- Reposition the resident's arm and shoulder so that the resident is not lying on their arm

Vital Signs-Count and Record Radial Pulse and Respirations

- The candidate's recorded radial pulse rate is within four (4) beats of the RN Test Observer's recorded rate
- The candidate's recorded respiratory rate is within two (2) breaths of the RN Test Observer's recorded rate
- Place call light or signaling device within easy reach of resident

Perineal Care for Female and Handwashing

- Place pad/linen protector under the perineal area, including the buttocks, BEFORE washing
- **Wash the rectal area from front to back using a clean portion of a washcloth with each stroke (key step)**
- Using a clean washcloth, rinse soap from the rectal area from front to back
- Use a clean portion of the washcloth for each stroke
- Pats dry the rectal area from front to back with a dry washcloth/towel

Feeding a Dependent Resident

- Ask the resident to state their name and verify their name matches the name on the diet card
- Offer a napkin, clothing protector, or towel to protect clothing from soiling

Feeding a Dependent Resident, Cont

- Provide hand hygiene for the resident BEFORE feeding.
 - (Candidate may use a disposable wipe and dispose of it in a trash can –or- wash resident’s hands with soap and a wet washcloth –or- they may rub hand sanitizer over all surfaces of the resident’s hands until dry.)
- Ensure the resident's hands are dry BEFORE feeding.
 - (If a wet washcloth with soap was used, the candidate will need to dry the resident’s hands. If a disposable wipe or hand sanitizer was used, must make sure their hands are dry.)
- Sit in a chair, facing the resident, while feeding the resident.

Nurse Aide Registry

The Nurse Aide Registry lists nurse aides who have met Minnesota training and/or testing standards to work in nursing homes and certified boarding care homes. The registry also has information about nurse aides who have substantiated findings of abuse, neglect, and theft.

This is an online registry. Nurse aides, employers, and others can check the registry by using MDH's online system and the nurse aide's certificate number.
