## STAC Position Open for Appointment

MDH Commissioner Jan Malcolm is looking for a Level 3 or 4 trauma program manager or coordinator to fill a seat on the State Trauma Advisory Council (STAC). The seat will be vacated by Maria Flor, RN, who has held the seat since 2020. The appointee will complete Ms. Flor's term, which ends on January 8, 2024, and then is eligible for re-appointment.

The STAC typically meets as a full council four times each year to advise the Minnesota Commissioner of Health on a variety of matters related to improving trauma care across the state. To qualify for the seat, an applicant must be a trauma program manager or coordinator from one of Minnesota's designated Level 3 or 4 Trauma Hospitals. Interested candidates must file an application with the [Minnesota Secretary of State](#). The application period will be open until at least April 13, 2022 but may remain open longer until the position is filled. [Contact the trauma system coordinator](#) for more information or visit the [trauma system website](#).

## STAC to Return to In-person Meetings in June

After two years of meeting remotely, the State Trauma Advisory Council will hold its June meeting in-person at the [Shoreview Community Center](#)! Of course, plans are always subject to change. But stakeholders and STAC members alike are eager to re-establish relationships and re-connect with each other.

Join us on June 7, 2022 from 12:30 – 3:30 for the Council meeting.
