

Specifications for Meningococcal Vaccine

Any of the following vaccines count as valid.

Meningococcal ACWY vaccine

MIIC vaccine ID	Generic name	Trade name	CPT code	CVX code
119	MenACWY-D	Menactra	90734	114
151	MenACWY-CRM	Menveo	90734	136
221	Mening ACWY polysaccharide/TT conj	MenQuadfi	90619	203
NA	MenACWY, unspec conjugate	none	NA	147
NA	Meningococcal ACWY, unspecified formulation	none	NA	108
59	MPSV4 (meninge poly)*	Menomune	90733	32

*Not recommended, but valid.

Scheduling of doses for medically acceptable standards

- Dose 1: Minimum age 10 years
- Minimum interval between doses: 8 weeks minus 4 days

Dose 2: Minimum age 10 years plus 8 weeks minus 4 days

Age at dose 1	Due for dose 2	Overdue for dose 2
Ages 10 through 12	Age 16	Age 19*
Ages 13 through 15	Age 16	Age 19*
Ages 16 through 18	Never	NA

*At age 19 the vaccine stops being routinely recommended except for those who will be first-year college students living in dormitories or have other risk factors.

A third dose is needed for students who received 2 doses prior to age 15 years and 6 months minus 4 days.

Practical implementation: K-12*

- Grades 7 through 11: 1 dose
- Grades 12: 2 doses
 - If first dose was given on or after age 16 years, only 1 dose is required
 - If the second dose was given prior to 15 years 6 months minus 4 days, a third dose is required

*MDH does not ask schools to determine which students have turned 19 and are thus no longer within the routine recommendation for MenACWY catchup, but schools should be aware that the law does not require 19-year-old students to have received MenACWY vaccine.

AISR report: Annual report sent to the Minnesota Department of Health

Updates to AISR report for 2021-2022 school year

Meningococcal ACWY

Grade	Enrollment	All required doses*	In progress/missing doses	Exempt to Meningococcal non-medical	Exempt to Meningococcal medical
7					
8					
9					
10					
11					

*Students in grades 7-11 are required to have 1 dose of meningococcal vaccine. Some students may have more than 1 dose, but schools will only be checking to make sure they have received at least 1 dose of meningococcal.

Meningococcal ACWY booster dose

Grade	Enrollment	All required doses*	In progress/missing doses	Exempt to Meningococcal non-medical**	Exempt to Meningococcal medical
12					

*Students in 12th grade are required to have 2 doses of meningococcal vaccine, unless the student received their first dose of meningococcal vaccine at or after the age of 16 years. Students who received two doses prior to age 15 years and 6 months minus 4 days, will need a third dose.

**Students will not need a separate exemption for the booster dose. Exemptions that were submitted to schools for the first dose of meningococcal will also cover the booster dose.
